StreetBond 150 Application Warranty Information

Surface Solutions Sunshine Coast (SSSC) warrants that products applied under the StreetBond® brand (the “StreetBond® Products”) (marketed as Rhinocrete) will not contain a manufacturing defect or improper application that adversely affects performance for seven years following the completion of installation on a sound pavement substrate, in accordance with the published application instructions and that the StreetBond® Products were installed during the shelf life set forth on the product label or container.

EXCLUSIVE REMEDY

SSSC’s sole responsibility for breach of this warranty is to provide replacement material and application for that portion of the StreetBond® Products that peel, delaminate, or show abnormal wear. Decisions as to the extent of replacement material required will be made solely by SSSC. The remedy under this Limited Warranty is available only for that portion of the StreetBond® Products actually peeling, delaminating, or showing abnormal wear at the time of settlement. The replacement StreetBond® Products, as well as any remaining original StreetBond® Products, will be warranted only for the remainder of the original warranty period.

NOTIFICATION OF CLAIM

Within a reasonable time after proper notification, SSSC will evaluate your claim and resolve it in accordance with the terms of this warranty. You should retain this document in the event that you need to file a claim.
